Bucharest, Romania

Education

University of Bucharest, Faculty of Mathematics and Computer Science 2025 – present
B.Sc. in Computer Science (Second year) *First Year GPA: 8.92 / 10*

National College "Tudor Vladimirescu", Târgu Jiu 2021 – 2025
High School Diploma, Mathematics and Computer Science

Projects

Chess Tournament Management System (3 Iterations) C++
- Built a modular C++ tournament engine across three development phases to model brackets, match pairings, and ratings.
- Implemented object-oriented principles: dynamic polymorphism, virtual inheritance, move semantics, and RAII memory management.
- Decoupled subsystems using structural design patterns (Singleton, Factory, Observer) with custom templates and STL containers.

Distributed Remote Shell Daemon (FIFO-RSHD) Bash, Linux IPC
- Developed a distributed client-server remote shell execution system in Linux using named pipes (FIFOs) for inter-process communication.
- Built a master daemon that parses incoming requests and dispatches shell commands across worker processes using Round-Robin scheduling.
- Managed process concurrency and standard output redirection through dedicated per-client FIFO reply channels indexed by client PID.

SmartHack Hackathon — Office Booking Platform Angular, Spring Boot
Nov 2025
- Collaborated in a 5-person team to build and present an end-to-end office desk booking prototype in under 24 hours.
- Developed backend RESTful services using Spring Boot and designed a relational database schema for room availability.
- Integrated business logic with a responsive Angular client for real-time desk reservations.

County-Level Examination Management System Oracle SQL
- Designed a normalized relational database schema (3NF) modeling candidate flows, evaluation centers, and county allocations.
- Enforced referential integrity constraints and wrote complex multi-table joins and aggregation queries to rank candidates and generate reports.

Certifications & Achievements

National Chess Olympiad — National Finalist (3 consecutive editions: 2023, 2024, 2025) 2023 – 2025
County Linguistics Olympiad — 3rd Prize 2025
Cambridge English C1 Advanced (CAE) 2024
IC3 Digital Literacy Certification 2024

Work & Volunteering

FIBA Basketball Statistician & Table Official Jun 2022 – Present
Official License
- Record official live match statistics and officiate game-table operations in real time using dedicated FIBA software.

Event Organizer & Volunteer Sep 2021 – Jun 2025
CNTV Târgu Jiu
- Co-organized high school chess tournaments and major extracurricular student events.

Skills

Programming: C++, Python, C#, Bash, Oracle SQL, JavaScript, x86 Assembly, Haskell
Tools & Systems: Git, GitHub, Docker, VS Code, CLion, Spring Boot, Angular
Operating Systems: Linux (Fedora, Ubuntu), Windows
Core Concepts: Data Structures & Algorithms, Object-Oriented Design, IPC, Relational Design (3NF)

Languages

Romanian Native Proficiency
English — C1 Advanced Professional Proficiency
